Statement on the granting of the right to vote and to stand as candidates to Kuwaiti women issued on 31 May 1999 by the Presidency of the European Union

The European Union has taken note with interest of the decision by the Emir of Kuwait to grant women the right to vote and to stand as candidates. It welcomes this major political development, which does justice to the role played by women in Kuwaiti society. The European Union hopes that it will be possible to put this decision into effect as soon as possible.

The European Union considers that the initiative taken by the Emir of Kuwait should promote human rights and strengthen democratic forces within that country.

Programme planning

Regulations and Rules Governing Programme Planning, the Programme Aspects of the Budget, Monitoring of Implementation and the Methods of Evaluation

Report of the Secretary-General

1. The Regulations of the United Nations Governing Programme Planning, the Programme Aspects of the Budget, the Monitoring of Implementation and the Methods of Evaluation were adopted by the General Assembly in its resolution 37/234 of 21 December 1982. The corresponding Rules were promulgated and issued as ST/SGB/PPBME/Rules/1 (1987) pursuant to General Assembly resolutions 37/234 and 38/227 A of 20 December 1983. The Regulations were subsequently amended by the Assembly in section 1 of its resolution 42/215 of 21 December 1987, to reflect the new budget process established in resolution 41/213 of 19 December 1986.

2. The Regulations were further amended by the General Assembly in section III of its resolution 53/207 of 18 December 1998, as recommended by the Committee for Programme and Coordination at its thirty-eighth session.[1] The Secretary-General has prepared revisions to the Rules (see annex) and, as requested by the Assembly in that resolution, is bringing them to its attention, through the Committee for Programme and Coordination. For ease of reference, the Secretariat has indicated, in the annex, which regulations were revised, replaced or deleted, as well as the new numbering therefor. Explanations are also provided for the revisions to the Rules.

3. The Rules have been revised to bring them into conformity not only with the revised Regulations, but also with current practice following experience gained through application and as a result of changes that have taken place since the promulgation of the current Rules. Examples of such changes include the revised format of the medium-term plan and programme budget, resulting in, for example, the deletion of references to "major programmes", "programme elements" and "United Nations system". Some revisions to the Rules also reflect the renumbering of the Regulations, as recommended by the Committee

* A/54/50.

for Programme and Coordination and approved by the General Assembly, which has, in some instances, made certain rules repetitive or redundant. One new rule has been added, to take into account Regulation 3.2 on the budget process, for which no rule had been previously promulgated; the new rule refers to the deadline of 15 August of the off-budget year for submission by the Secretary-General of the budget outline.

4. The Rules have also been changed to incorporate gender-sensitive language and will be renumbered when the Regulations and Rules are promulgated and reissued as a Secretary-General's Bulletin.

5. The General Assembly may wish to take note of the revised rules.

Article IV. Medium-term plan		
Regulation 4.1. A medium-term plan shall be proposed by the Secretary-General.

Regulation/rule	*Comment*	*Change*
Regulation 4.2. The medium-term plan shall be a translation of legislative mandates into programmes and subprogrammes. Its objectives and strategies shall be derived from the policy orientations and goals set by the intergovernmental organs. It shall clearly reflect Member States' priorities as set out in legislation adopted by functional and regional intergovernmental bodies within their spheres of competence and by the General Assembly, on advice from the Committee for Programme and Coordination. [replaced former 4.2]		
Rule 104.2		
(a) Requests and directives to the Secretary-General contained in resolutions or decisions of relevant intergovernmental organs constitute legislative mandates for proposed activities. Legislation establishing an organizational unit or providing the general mandate for work in an area should not be cited unless it is the only mandate for the activities proposed.	**The rule should be modified to reflect accurately the scope of regulation 4.2, which addresses programmes and subprogrammes. As experience has shown that legislation establishing a unit has been accompanied by other legislation, it is not necessary to retain the second sentence.**	**Requests and directives to the Secretary-General contained in resolutions or decisions of relevant intergovernmental organs shall constitute legislative mandates for the work to be carried out within the programmes and subprogrammes.**
(b) Only United Nations intergovernmental organs are competent to provide a legislative mandate. Decisions or conclusions of intergovernmental organs that are not organs of the United Nations may become a mandate after they are endorsed by an intergovernmental organ of the United Nations.	**No change.**	
(c) Unless it mandates continuing functions of the Organization, a legislative mandate adopted more than five years before the medium-term plan review should be accompanied by an explanation justifying its retention as a mandate.	**No change.**	
(d) New activities which may be proposed by the Secretary-General in fulfilment of the general objectives of the Organization shall be given a legislative mandate by the adoption of the medium-term plan by the General Assembly.	**No change.**	

Regulation/rule	*Comment*	*Change*
Regulation 4.3. The medium-term plan shall serve as a framework for the formulation of the biennial programme budgets within the period covered by the plan. [formerly 4.4]	Former regulation 4.3, as revised, has been renumbered 4.11.	
Regulation 4.4. The plan shall cover all activities, substantive and servicing, including those to be financed partially or fully from extrabudgetary resources. [formerly 4.5]		
Rule 104.5 [relates to current regulation 4.4] Medium-term plan proposals:		
(a) For substantive services shall be submitted to the General Assembly through the Committee for Programme and Coordination and the Advisory Committee on Administrative and Budgetary Questions;	In practice, there has been no distinction between the submission of medium-term plan proposals of activities referred to in (a), (b) and (c) to the General Assembly through the Committee for Programme and Coordination and the Advisory Committee on Administrative and Budgetary Questions. The rule should be revised accordingly to encompass all categories.	Medium-term plan proposals shall be submitted to the General Assembly through the Committee for Programme and Coordination and the Advisory Committee on Administrative and Budgetary Questions.
(b) For common services shall be submitted to the General Assembly through the Advisory Committee on Administrative and Budgetary Questions;	As above.	Delete.
(c) For conference services shall be submitted to the General Assembly through the Committee on Conferences and the Advisory Committee on Administrative and Budgetary Questions.	As above; see also regulation 4.8, which provides for review by specialized intergovernmental bodies.	Delete.

Regulation/rule	*Comment*	*Change*
Regulation 4.5. The plan shall be presented by programme and subprogramme. There shall be congruence, to the extent possible, between the programmatic and organizational structure of the Secretariat. Each programme will contain a narrative that will identify the mandates that provide overall direction for the programme. Each subprogramme shall contain a narrative, which should reflect all mandated activities and identify objectives and accomplishments during the plan period. [replaced 4.6]		
Rule 104.6 (relates to current regulation 4.5)		
(a) Each major programme in the plan shall be presented in a separate chapter.	There are no longer "major" programmes.	Each programme of the p' ı shall be presented in a separate chapter and shall contain subprogrammes, where appropriate.
(b) Submissions shall be made in accordance with a common set of major programme categories.	There are no longer "major programme categories".	Delete.
(c) The subprogramme structure of the programme budgets for the bienniums covered by the plan shall be identical to that of the plan, so that each programme element of the budget can be derived from a subprogramme of the plan.	As article IV and its associated regulations relate to the medium-term plan, the requirements specified in the rule should be reversed to reflect that the plan governs the budget and not vice versa. Furthermore, there are no longer "programme elements". Additionally, given the calendar of meetings, the General Assembly may take decisions on modifications to the subprogramme structure in the programme budget prior to the adoption of revisions to the medium-term plan; this is consistent with regulation 6.2.	The subprogramme structure of the medium-term plan shall determine the subprogramme structure of the programme budgets for the biennium and shall correspond to an organizational unit normally at the division level. The General Assembly may modify the subprogramme structure of the programme budget when it adopts the programme budget.

Regulation/rule	*Comment*	*Change*
(d) For substantive activities:		
(i) Each major programme shall contain an introductory narrative describing the relation of planned activities to the overall strategy reflected in the decisions of the General Assembly for the medium-term period and the rationale for selecting the objectives and the subprogrammes intended to attain them. Such an analysis should take into account the situation in the sector in question, the problems which had been identified and the progress made by the international community towards solving these problems. The narrative shall describe the actions expected from both Member States and international organizations, as well as the linkages with other major programmes.	There are no longer "major" programmes.	Delete.
(ii) Each programme shall contain an introductory narrative describing general orientation and main features, and, where available, the recommendations of intergovernmental organs regarding the relative priorities of its constituent subprogrammes.	Regulation 4.5 already describes the content of programmes and subprogrammes. With the new structure of the medium-term plan, priorities are no longer established at the subprogramme level. The General Assembly, in its resolution 53/207, on the recommendation of the Committee for Programme and Coordination, decided that priorities should be established in the medium-term plan, as reflected in regulation 4.2.	Delete.
(iii) Unless provided otherwise in subparagraph (v) below, the subprogramme shall be the main unit of analysis, review and evaluation in the United Nations planning and programming system.	With the deletion of subparagraph (v) below, the words "Unless provided otherwise in subparagraph (v) below" should be deleted.	The subprogramme shall be the main unit of analysis, review and evaluation in the United Nations planning and programming system.

Regulation/rule	*Comment*	*Change*
(iv) The subprogramme structure shall be based on objectives rather than on the internal administrative structure of the Secretariat unit responsible for the programme.	This rule is already covered by regulation 4.5 and revised rule 104.6 (c) above.	Delete.
(v) Activities in fulfilment of continuing functions of the Organization, arising from provisions of the Charter, particularly in the political and related areas pertaining to the maintenance of international peace and security or recognized as such in their original mandates, or in the Secretary-General's bulletin establishing the terms of reference of the competent Secretariat unit, may not necessarily require planning at the subprogramme level. They may be adequately planned along the lines provided for in subparagraph (e) concerning servicing activities.	This rule is already covered by regulation 4.5.	Delete.
(e) For servicing activities:	This rule is already covered by regulations 4.4 and 4.5. The entire paragraph and subparagraphs are no longer necessary.	Delete.

(iii) The planned objectives shall indicate:		
a. Expected changes in nature, quality and quantity of services to be delivered;		

Regulation/rule	*Comment*	*Change*
b. Expected changes in the methods and technology of production of the services. (iv) Changes in quantity of services expected to be delivered shall be related whenever possible and relevant to changes in substantive activities to be serviced.		
Regulation 4.6. The plan shall include an introduction, which will constitute a key integral element in the planning process. The introduction shall be derived from legislative mandates set by intergovernmental organs, shall also identify future challenges and shall: **(a) Highlight in a coordinated manner the policy orientation of the United Nations;** **(b) Indicate the medium-term objectives and strategy and trends deduced from mandates which reflect priorities set by intergovernmental organizations as well as future challenges;** **(c) Contain the Secretary-General's proposals on priorities. [replaced 4.7]**		
Rule 104.7 [relates to current regulation 4.6] The introduction to the plan shall highlight the policy orientations and priorities of the United Nations in the context of the United Nations system.	Pursuant to the revisions approved for regulation 4.6, there is no longer reference to the United Nations system.	Delete.

The Committee for Programme and Coordination and the Advisory Committee on Administrative and Budgetary Questions shall consider the proposed medium-term plan in accordance with their terms of reference. [replaced 4.12]	**Former regulation 4.8 has been deleted.**	
Rule 104.12 [relates to current regulation 4.8]		
(a) Programme managers shall prepare, in conformity with these Regulations and Rules and with the instructions issued by the Secretary-General and under the policy guidance of the heads of departments and offices, a draft of their portions of the plan.	**No change.**

(c) When those organs are considering the proposed plan, the Secretariat shall draw their attention to the provisions of these Regulations and Rules.	**No change.**	
(d) After this review has been completed, the submitting unit shall send the following documents, in the numbers and languages required, to the central secretariat units:	**Current practice should be reflected.**	**After this review has been completed, programme managers shall send the following documents to the Office of Programme Planning, Budget and Accounts.**
(i) The draft plan as presented to the relevant body;	**No change.**	
(ii) That part of the report of the body covering its review of the draft plan and its recommendations for changes;	**No change.**	

Regulation/rule	*Comment*	*Change*
(iii) The redrafted plan reflecting those recommendations where appropriate.	No change.	
(e) When all specialized intergovernmental reviews have been completed and the above-mentioned documents received, the plans will be adjusted to incorporate changes needed to ensure coherence, improve coordination and avoid overlap. The formulation of the proposed medium-term plan shall be supervised by the Programme Planning and Budgeting Board. The financial information required will be prepared by the Office of Financial Services.	References to specialized intergovernmental reviews appear under regulation 4.9. The Programme Planning and Budgeting Board no longer exists; financial information is not provided in the medium-term plan.	When the above-mentioned documents are received, the narratives of the programmes and subprogrammes will be adjusted to incorporate changes needed to ensure coherence, improve coordination and avoid overlap. The formulation of the proposed medium-term plan shall be supervised by the Steering Committee on Reform and Management.
(f) The proposed plan will then be issued in fascicles as a General Assembly document. Only the Secretary-General's proposed plan will be made available to the Committee for Programme and Coordination, the Economic and Social Council and the General Assembly.	No change.	
(g) The plan, as approved by the General Assembly, will be printed as a single document.	No change.	
Regulation 4.9. The participation of sectoral, functional and regional organs in the formulation of the plan shall be achieved by means of an appropriate preparation period. To that end, the Secretary-General shall provide proposals for the coordination of their calendars of meetings.		
The activities in the medium-term plan shall be coordinated with those of the concerned specialized agencies through prior consultations. [formerly 4.13]		

Regulation/rule	*Comment*	*Change*
Rule 104.13 (relates to current regulation 4.9)
